Debate? No thanks, life too short. I have no idea why you chose to add me to the very generous spam mailing of your world views, and kept me there despite repeated polite requests that you keep them to yourself. I can only suggest that your carefully crafted pearls should be saved for those who appreciate them.

CD

I beg your pardon. What exactly do you consider “rubbish”, and when you speak such trash who exactly are you referring to when saying “No-one is interested” [sic]? Are you willing to debate me either over the internet or “live in person” given how I may be coming over to England fairly soon?
Please allow me no more 24 hours to add your name to the “$ hit list” [Sic]!
